PAX-it[™] Digital Image Management and Image Analysis

The simple and flexible nature of PAX-it underlies a powerful data management solution that will help you organize and communicate with images. From a desktop application to an enterprise-wide solution, PAX-it has the power you need to accomplish the task. Ease-of-use is a PAX-it hallmark. With customizable toolbars, extensive use of wizards, and an organizational interface that people understand right out of the box, PAX-it makes it easy.

Electronic Filing System

- Simple organizational structure with easy navigation
- User may title and group cabinet drawers and folders
- Tools for security at different levels

- Complete project management within case folders
- Image database searches go across all drawers and folders

Image Database

- Search and retrieve in basic or advanced modes
- Database fields customized by user
- ODBC compliant database structure

56847051Q XCanoel 2

- Images, reports, video clips, data...any digital project file can be managed by PAX-it
- · Search results show data table and image thumbnails

Image Processing

- Image stitching: stitches overlapping adjacent images automatically
- Image fusion: fuses multiple images of different focal planes into one
 Create video clips/AVI files
- Add editable annotations, voice annotations, notes, overlay templates

Measurement and Analysis

- From simple linear and area measurements to complex image analysis
- Metrology/Measurement on live preview with PAXcam
- Auto-thresholding of images by density, color/ grayscale, size, shape
- Measurement on captured images

Reports and Presentations

- Create customized report and presentation templates
- MS-Word[®] reports
- MS-Excel[®] reports with data
- MS-PowerPoint[®] link
- Images, image data, notes, and measurement data can be reported
- Easy & flexible
- Customizable templates for user-defined report layouts

Networks and Communications

- Direct E-mail from within PAX-it
- Network licenses for all PAX-it functions and modules
- PAXnet for web-based sharing, downloading, and discussion
- Telemicroscopy modules for sharing remote views in real time

Tutorial and Testing Sessions

- Web-based or stand alone runtimes
- Interactive sessions with popups, video clips, sound, etc.
- Tabulate scores and summaries

LECO Corporation

- Variety of question and tutorial page types
- Great for training and testing in academic, industrial, or scientific settings

Specifications and part numbers may change. Consult LECO for latest information.
